

Waveform visualization showing signals over time (0 to 10000 ps). The signals are labeled in the legend:

- /glitch\_tb/TestGlitchy/go
- /glitch\_tb/TestGlitchy/ws
- /glitch\_tb/TestGlitchy/clk
- /glitch\_tb/TestGlitchy/reset\_n
- /glitch\_tb/TestGlitchy/rd
- /glitch\_tb/TestGlitchy/ds
- /glitch\_tb/TestGlitchy/glitch\_ns

The signals are plotted as digital waveforms. The time axis is marked from 0 to 10000 ps. The legend also includes a 'Msgs' column with values: -No..., -No..., -No..., -No..., -No..., -No..., -No....
